According to its data, photography-focused digital cameras accounted for just 59.6% of sales compared to 2019, while video cameras saw only 68.3% of sales. Unsurprisingly, webcams ballooned in popularity and exploded for 359.3% of their previous year's performance, which is 3.6 times the sales of 2019.

## Podcast: Accept the Weirdness—Quarantine Photography, with Neil Kramer

Posted 12/24/2020

I think most photographers have tried to document their experience during the COVID-19 shutdown, but none have done it quite like Neil Kramer. Kramer is riding out the pandemic in a two-bedroom apartment in Queens, New York, with his 86-
