Did Apple's iPhone 13 'Cinematic Mode' just revolutionize mobile cinematography?

You can even adjust the depth effect after you shoot

Want to change the focus or adjust the blur after shooting wraps? No problem. iPhone lets you do it with a few taps and swipes. Even pro movie cameras can't do that.

Who's Selling Typewriters?

Greg Williams Photographed Zendaya with a Remote iPhone for Vogue

Celebrity fashion and portrait photographer [Greg Williams](#) recently photographed Zendaya for *British Vogue* through a virtual photoshoot. He used the virtual photo app [CLOS](#), which allowed him to control her smartphone from the other side of the world.

Who's Selling Typewriters?

Photographer Sells Her Widely-Stolen Photo as NFT for \$300K, Makes it Free

A photographer who was tired of chasing down copyright infringers to her most-stolen photo decided instead to sell it as an NFT and then release the photo's usage rights to the world. That NFT has just sold at auction for a whopping \$300,000.

GoPro HERO 10 Overheating After 20 Minutes of Recording

Multiple reports describe that the newly announced GoPro HERO 10 camera overheats after just 20 minutes of recording. Overheating seems to occur in both high resolutions 5K capture modes and even in lower resolutions of 4K and 2K capture modes. This could prove to be a major problem if it cannot be fixed through a firmware upgrade.

Good Memories from 2020
Inspiration: Interviewing Photo, Interview
Our 2020 as a Group lives all these years as 2020 can become good memories behind, and that was the idea behind our 2020 Instagram. During the year we met in person or virtually and put our creative juices to work, rendering some great images and food memories. The gorgeous pages show a little of...
